

LCL Domestic Installer course Full Scope VQR Training Course

All of our training is provided to the highest standards. We take customer feedback extremely seriously, and through training hundreds of candidates, we've developed training courses that are professional, ran by experienced tutors and help our customers to gain officially recognised qualifications in several different disciplines.

Our trainers deliver our training courses in an approachable, easy-to-understand and enjoyable manner, ensuring you get the best possible training experience. Every trainer we use is fully qualified, individually accredited and will work closely with you throughout the course to ensure you get the knowledge you need.

Course Overview

The course will identify and teach all aspects of Part P of the Building Regulations and those successfully passing the course and examination may be able to register on a competent person scheme through one of the awarding bodies in the UK.

Course Details

Who is this course suitable for?

All electrical work carried out in domestic properties must comply with Part P of the Building Regulations. It is ideal for all those wanting to carry out electrical work that falls under Part P regulations and anyone wanting to enhance and improve their career to include more services. It may be useful for those who have completed a plumbing course as an additional asset and for those who carry out domestic electrical work as part of their main business, i.e. kitchen fitters and joiners.

What Does the Course Cover?

- ▶ Applicable Building Regulations for domestic electrical installation
- ▶ Electrical Safety Legislation, regulations, standards and terminology
- ▶ Domestic electrical circuit installation
- ▶ Installing domestic lighting circuits
- ▶ Domestic electrical earthing and bonding requirements
- ▶ Inspection, testing and commissioning single phase domestic electrical circuits
- ▶ Special locations and installations, including pre-work survey and inspection
- ▶ Basic understanding of three phase

All of the units must be understood and learnt by learners in order to progress to the examination section

Entry Requirements

There are no formal entry requirements for this course but learners would benefit from having some knowledge and practice of electrical installation in dwellings and 18th Edition qualification. Anyone attending training should have a good level of both spoken and written English.

Assessments

There are seven closed book examinations that are 45 minutes long per exam.

Course Certification

You will receive a level two qualification certificate from LCL Awards which has five years validity. However, this is only awarded if the examinations are passed and the 40 hours of guided learning has been completed.

Course Materials

Learners are required to bring with them a current copy of;

- ▶ IET 18th Edition Wiring Regulations
- ▶ IET Guidance Note 3: Inspection & Testing
- ▶ IET On-site Guide, Amendment No. 1
- ▶ Electrician's Guide to the Building Regulations

This can be purchased at www.testers.co.uk
