

High Voltage Cable Jointers Mate (Craft Attendant)

All of our training is provided to the highest standards. We take customer feedback extremely seriously, and through training hundreds of candidates, we've developed training courses that are professional, ran by experienced tutors and help our customers to gain officially recognised qualifications in several different disciplines.

Our trainers deliver our training courses in an approachable, easy-to-understand and enjoyable manner, ensuring you get the best possible training experience. Every trainer we use is fully qualified, individually accredited and will work closely with you throughout the course to ensure you get the knowledge you need.

Course Overview

This 2 Day course is designed to provide craft attendants with the knowledge and understanding to safely and competently fulfil their role in supporting low voltage and high voltage cable jointers.

The course aims to introduce candidates to the correct methods involved in the preparation of high voltage polymeric cables prior to the Cable Jointer splicing or terminating the cables. The understanding of how to correctly strip and prepare a cable will enable the candidate to assist in the installation of almost any type of joint or termination by any manufacturer.

Course Details

Who is this Course Suitable For?

Anyone who would like to learn and develop the skills to assist cable jointers by becoming an assistant cable jointer / jointers mate.

Course Aim

You should be able to demonstrate preparation of various types of cable and materials as well as correct use of tools and working procedures. You will understand regulation, policies and procedures relevant to jointing.

What Does the Course Cover?

- ▶ HV and LV Cable construction
- ▶ HV and LV Cable preparation
- ▶ Understanding instruction sheets
- ▶ Terminations
- ▶ HV/LV Cable Joints
- ▶ Screened Separable Connectors
- ▶ Practical Installations
- ▶ Cable Stripping Errors
- ▶ Installation Errors

Entry Requirements

No previous experience necessary. Anyone attending training should have a good level of both spoken and written English.

Assessments

You'll be expected to complete a written examination as well as take part in a practical examination during this course.

Course Certification

You will receive a certificate of competency after successful completion of this course. For candidates who decide not to undertake the assessments or are unsuccessful when taking the assessments, you will receive a certificate of attendance instead.
