Course Details

Who is this course suitable for?

This qualification is primarily aimed at practising electricians with relevant experience and other allied professionals e.g. surveyors, consultants and other trades needing to update and enhance their understanding of IET Wiring Regulations. It is also suitable for anyone wishing to demonstrate an understanding of the IET 18th Edition Wiring Regulations (BS 7671).

Course Aim

You will know how to safely carry out small, basic electrical tasks.

What Does the Course Cover?

The IET Wiring Regulations (BS 7671) are the definitive standards for the electrical industry in respect of safe use and operation of electrical equipment and systems. They set requirements and operating criteria for the UK and correspond to EC standards and are recognised by the British Standards Institute as a British Standard (BS 7671). It is intended to ensure that individuals are conversant with the format, content and application of the Requirements for Electrical Installations BS 7671:2018+A2:2022

Entry Requirements

There are no entry requirements for the course, however anyone attending training should have a good level of both spoken and written English and a keen interest in the subject.

Assessments

One multiple choice online test, you may take with you the IET Wiring Regulations 18th Edition: BS 7671:2018+A2:2022 Requirements book. The pass mark for the examination is set at approx. 60%.

Course Certification

Upon successful completion, learners will receive a City & Guilds Level 3 Award in Requirements for Electrical Installations BS 7671:2018+A2:2022

Course Materials

We recommend purchasing the latest copy of IET 18th Edition Wiring Regulations and IET On-site Guide 18th Edition, these can be purchased at www.testers.co.uk
