Course Details

Who is this course suitable for?

All electrical personnel with 18th Edition or 18th Edition Amendment 1.

Course Aim

You will be aware to the changes made to the Wiring Regulations and be able to safely carry out work according to 18th Edition guidelines.

What Does the Course Cover?

The main changes within Amendment 2 are to reflect the ever-changing demands to meet both consumers' and the Governments commitments to achieve net-zero emission by 2050. This is reflected in a whole new section (Part 8) Prosumer Low Voltage Electrical Installations. Other major updates include:

- ▶ Changes to fire safety requirements
 - ▶ Arc Fault Detection Devices (AFDDs)
 - ▶ Protection against over voltages
 - ▶ Changes in part 7 – Special locations
 - ▶ New section – Part 8 Prosumer Low Voltage Electrical Installations.
- Please note that this is not an exhaustive list**

Entry Requirements

Anyone wanting to study the 18th Edition Update course must have already obtained the 18th Edition 2382-18 Certificate. We will require proof of this before we can enrol you on to this course. Anyone attending training should have a good level of both spoken and written English and a keen interest in the subject.

Assessments

The assessment that takes place is the same as that of the full 18th Edition course, in that you will take the 2 hour, 60 item multiple choice exam set by City & Guilds, which is fully aligned to the new 18th Edition Wiring Regulations BS 7671:2018+A2:2022.

Course Certification

Upon successful completion, learners will receive a Level Three Certificate in 18th Edition Wiring Regulations.

Course Materials

We recommend purchasing a copy of IET 18th Edition Wiring Regulations and IET On-site Guide 18th Edition, this can be purchased at www.testers.co.uk
