

1 Day Leak Inspection Application Course

All of our training is provided to the highest standards. We take customer feedback extremely seriously, and through training hundreds of candidates, we've developed training courses that are professional, ran by experienced tutors and help our customers to gain officially recognised qualifications in several different disciplines.

Our trainers deliver our training courses in an approachable, easy-to-understand and enjoyable manner, ensuring you get the best possible training experience. Every trainer we use is fully qualified, individually accredited and will work closely with you throughout the course to ensure you get the knowledge you need.

Course Overview

Using the guidelines set out by ISO:18436-8 for the Category 1 criteria for Leak Inspection, UE Systems is proud to present a focussed 1-day course specifically for Leak Inspection. From Service Companies who provide Leak Surveys or any industrial maintenance departments to personnel just interested in becoming more knowledgeable in Leak Inspection, this is a course for everyone.

Course Details

Who is this course suitable for?

Anyone who needs to jump-start their knowledge in Ultrasound inspection and those interested in implementing a program for predictive maintenance, reliability, condition monitoring and energy saving programs.

Course Aim

You will understand leak theory as well as various inspection techniques, be able to demonstrate practical skills and leak survey reports.

What Does the Course Cover?

- ▶ Education on why Leak Inspections benefit companies
- ▶ The physics behind types of Leak
- ▶ The principles of Ultrasound
- ▶ Inspection Procedures/Techniques
- ▶ Reporting from Leak Surveys

Entry Requirements

There are no entry requirements however anyone attending training should have a good level of both spoken and written English.

Assessments

The course will be taught through a mixture of classroom theory along with some practical training which you must partake in. There will be a short multiple choice exam at the end of the course.

Course Certification

Upon completion of the course the student will gain a certificate of completion by UE Systems Europe certifying the student has met the criteria for Leak Inspection.

Course Materials

Students are asked to bring basic PPE for practical sessions; Safety boots, Hard Hats, Safety Glasses and Hi-Vis vest. Any student that already has an Ultrasonic probe is encouraged to bring it to the training, if feasible.
