

# Authorised Person Boilers and Pressure Systems

All of our training is provided to the highest standards. We take customer feedback extremely seriously, and through training hundreds of candidates, we've developed training courses that are professional, ran by experienced tutors and help our customers to gain officially recognised qualifications in several different disciplines.

Our trainers deliver our training courses in an approachable, easy-to-understand and enjoyable manner, ensuring you get the best possible training experience. Every trainer we use is fully qualified, individually accredited and will work closely with you throughout the course to ensure you get the knowledge you need.

## Course Overview

The course is designed to meet the essential requirements of safe working procedures on pressure systems required by the Pressure Systems Safety Regulations 2000 Provision, and use of Work Equipment Regulations 1998, and Safety Rules and Procedures for Work on Pressure Systems.

## Key Information

**Duration:** 5 Days

**Price:** £1050.00 + VAT (Per Person)

**Booking Code:** APB-P

**Location:** Onsite

**Max Delegates:** Min 6 / Max 8

**Contact:** 01642 987 978

# Course Details

## Course Suitability

If you have been appointed as an authorising engineer or authorised person mechanical, then this course will advance your knowledge and understanding of compliance with legislation.

## Course Aim

The overall purpose is to provide information on pressure systems containing relevant fluids, and to ensure that candidates have a thorough understanding of the Safe System of Work and associated Permit to Work procedures.

## Course Topics

- ▶ Basic mechanical physics
- ▶ Associated Health and Safety
- ▶ statutory Regulations
- ▶ Boilers and pressure system components, PM5 and PM60, including Steam Boilers
- ▶ Pressure Systems Safety Regulations 2000
- ▶ Safety Rules and Procedures
- ▶ Operational Appointments, Roles and Duties of Appointed Personnel
- ▶ Safety Operation and Maintenance procedures
- ▶ Risk Assessment
- ▶ Documentation Control
- ▶ Audit and monitoring

## Entry Requirements

There are no prerequisites for this course, however anyone attending training should have a good level of both spoken and written English.

## Assessments

Course includes classroom exercises and computer aided exercises whereby candidates are assessed throughout the course. The assessment is by written paper.

## Course Certification

On successful completion of the course assessment you will receive a Certificate of Attendance.

## Course Materials

There are no materials required on this course.

## Related Courses

- ▶ Steam Awareness Training
- ▶ Authorised Person Boiler and Pressure Systems Refresher
- ▶ Skilled Person Boiler and Pressure Systems
